There may be follow vehicles if volunteered; they need to coordinate with organizer and fill out the MVR at the USAC.org site (at least 10 days prior) to be allowed under insurance, riders should always bring pump and spare. Feed zone (bottle hand-ups) east of Fwy in San Ardo, park only where indicated. Neutral feed available, will include Bottle Grab units. After finishing, check out with the officials after the line and get off the road as soon as possible.

Do not outrage the residents by using other than the school bathrooms and portable toilets. We had complaints at the Copper Valley race in May, and as a result, are having potential difficulty with the permitting agency for next year.

There is other traffic on the roadway including large farm vehicles; always be aware of it and be prepared to slow and/or maneuver; warn riders behind you of hazards.

ELIGIBILITY AND GUIDELINES for this race

California State Championship Eligibility and Guidelines- A Joint NCNCA-SCNCA Venture

1. The State Championship races are open only to riders who hold USA Cycling annual licenses and reside **within the state of CA**, with either the SCNCA or NCNCA region shown on the license.
 - a. For the top 3 Championship finishers in each field, residency must be verified by presenting a California ID or other proof of residency to the Chief Referee during the protest period

2. Out-of-State Racers within SCNCA or NCNCA are allowed to participate but will not qualify for championship podiums. They will be eligible for any other awards and prizes, excluding championship medals, prizes, or jerseys.
3. At state, regional, or national championships riders are restricted to competing in races specific to their race age and/or category. Juniors and Masters cannot race up or down for championship races. Racers must use their correct **racing** age, which is listed on the USAC License.
4. Classes may be combined and riders race together but will be scored separately in accordance with the guidelines outlined in this document and the USAC Rulebook.
5. A state champion will be awarded to the first rider of the below age and license categories. Classes will be the same for men and women:

JUNIORS

- 11-12 • 13-14
- 15-16
- 17-18

MASTERS (restricted to cat 1-3 for men aged 35-54 and women 35-44; thereafter open to cat 1-4)

- 35-39 • 40-44 • 45-49 • 50-54 • 55-59 • 60-64 • 65-69 • 70-74
- 75-79 * 80-84 * 85+

ELITE

- Pro (Members of UCI road teams)
- Category 1/2 (**if cat 3 riders are included in the P/1/2 race, they will be eligible for the jersey if they win the race & meet eligibility requirements, however if they race separately, no separate cat 3 jersey will be awarded)

6. With the exception of the Time Trial event category (not included in the inaugural year), all classes must have at least four (4) riders for a championship to be awarded. If there are less than four riders, that class will be combined with the next higher class (or lower age bracket). There will be only one championship awarded to the combined class. The exceptions to this will be for riders who are members of UCI road teams and younger Masters age groups. For UCI, if there are less than four riders, then no UCI championship will be awarded (as there is no higher category to combine them with and USAC rules prohibit members of UCI road teams to take a championship from a lower category). For Masters, combining of fields with less than four will begin with the 85+ age category. Once the four-rider minimum has been reached, the combined category will be one inclusive age group. The process will continue chronologically down through the younger age categories. If there are less than four riders remaining in a

combined age group category, riders may race, but there will be no championship awarded for that combined category.
